MILLER TOWNSHIP
Planning Commission Meeting
May 12, 2026

Note received from May 12, 2026, meeting to the township secretary:

- Please check online for Center Township's Data Center ordinance
- Do we know if Perry County has a moratorium for one year to look over all information on Data Centers?
- Could township secretary check with Mr. Finnerty about a moratorium for Perry County?

Please call me -
Bonnie Heisey
Planning Commission Secretary

UPDATE: Jason Finnerty from Perry County Planning Commission said there is no moratorium on data centers currently and as a township, we could always reach out to the commissioners to see if they would enact one.
